

XPANDER

A Brand New Journey

Introducing the new XPANDER. Completely redesigned for the modern world, the XPANDER enhances your journey, no matter where or how far you go. With exceptional comfort and convenient features for every passenger, and capability you can count on, the XPANDER provides an enjoyable driving experience for the whole family.

Drive your Ambition

Note: Some equipment may vary by market. Please consult your local MITSUBISHI MOTORS dealer/distributor for details.

A pleasure for all senses.

Refinement that makes you smile.

The modern and stylish interior lined with soft-touch materials pleases all the senses. Enjoy the dependable SUV feel of the solid and sleek instrument panel that expands from end to end along a sturdy horizontal axis to provide a clear front view that makes driving more enjoyable and stress-free. Conveniences like the new digital air conditioning panel that's easier to use and 2nd row armrest cup holders provide everyone with a pleasant drive.

Note: Some equipment may vary by market. Please consult your local MITSUBISHI MOTORS dealer/distributor for details.

High ground clearance and high driving view

Top-level ground clearance and a high driving position allow confident and comfortable driving on bumpy or uneven roads and a clear view of the road ahead.

Eye point height:
1,340 mm

Minimum ground clearance:
225 mm

*CVT model: 220mm

High-efficiency Continuously Variable Transmission [CVT]

The high-efficiency CVT provides an ideal balance between fuel efficiency and driving power with smooth gear shifts. Step-up shifting provides a crisp acceleration feel that's powerful and sharp.

Smoother, smarter, and more confident.

Note: Some equipment may vary by market. Please consult your local MITSUBISHI MOTORS dealer/distributor for details.

Put your mind at ease.

Active Stability Control [ASC]: The control capabilities of ASC are supplemental only. Please drive safely and never rely solely on these functions whilst driving. Be sure to use the same specified type and size of tyres on all 4 wheels. Do not install any aftermarket limited slip differential on your vehicle.

Anti-lock Brake System [ABS]: ABS can help the driver maintain control whilst braking, but is never a substitute for safe driving. ABS does not always reduce stopping distances, which may be influenced by many factors including road surface conditions and friction between the tyres and road surface.

Please see the owner's manual for additional information.

Note: Some equipment may vary by market. Please consult your local MITSUBISHI MOTORS dealer/distributor for details.

Active Stability Control [ASC]

Maintain control on slippery roads and around turns. ASC automatically adjusts engine output and applies the brakes where needed to prevent skidding if wheels lose their grip.

Anti-lock Brake System [ABS]

Brake safely on slippery roads. ABS helps the wheels from locking up when braking.

Supports everything you love to do.

Spacious luggage area

Enjoy your favourite activities with the spacious luggage room. The wide opening makes loading and unloading easy for anyone. What's more, convenient compartments and underfloor storage help keep your smaller items organised.

Convenient storage & power outlets for all passengers

Keep your interior clean and organised with smart storage solutions. With power outlets on every row, all passengers can keep their smartphones, tablets, or other electronic devices charged.

*DC12V USB adapters not included.

Spacious cabin and versatile seating arrangements

Flexible seating configurations provide support for all your favourite activities. Load items easily by folding down the second and third row seats, or fold the second row armrest to store long items.

Where your journey begins.

FEATURE HIGHLIGHTS

Safety

High Tensile Strength Steel
 — 980 MPa class
 — 590 MPa class
 — 440 MPa class

RISE body

RISE (Reinforced Impact Safety Evolution) body helps keep everyone safe in the event of a collision by efficiently absorbing energy and maintaining high cabin integrity.

Driver and passenger SRS airbags

The driver and passenger SRS airbags protect front occupants by absorbing impact force to help keep them safe in frontal collisions.

Pretensioners

Pretensioners help reduce frontal impact force in frontal collisions when used with seatbelts. Front seatbelt pretensioners automatically tighten in a collision to help restrain front occupants.

Hill Start Assist [HSA]

For peace of mind during stop-and-go uphill driving, HSA maintains braking force until the accelerator is pressed to prevent the vehicle from rolling backwards.

Emergency Stop Signal system [ESS]

Prevent being rear-ended. ESS automatically flashes the hazards during sudden braking or when ABS is activated to warn following vehicles.

Utility

Tilt and telescopic steering wheel

Enjoy your drive in comfort. The steering wheel can be adjusted up, down, forwards, and backwards to find the ideal driving position for any driver.

Electric parking brake (Brake auto hold)

Turn Electric parking brake on/off with a simple switch. When Brake auto hold is active, the vehicle will temporarily stay in place even with your foot off the brake pedal.

Digital air conditioning panel

The new digital air conditioning panel isn't just stylish but intuitive and easy to use.

Rear manual cooler

Keep everyone comfortable even in hot weather. Rear passengers can conveniently use the knob to control airflow.

USB port for charging for 2nd row seat (Type A and C)

Rear passengers can keep their electronic devices charged with the USB ports for charging conveniently placed behind the floor console.

Keyless Operation System [KOS] + Engine switch

Conveniently unlock the doors by pressing the switch on the front doors or tailgate whilst carrying your key fob on you. Once inside, start the engine by pressing the switch whilst holding the brake pedal down.

Mechanism

Responsive 1.5L MIVEC engine

The spirited 16-valve DOHC engine with advanced MIVEC* puts ample power at your command – more than enough to carry seven adults up steep mountain roads with ease.

*Mitsubishi Innovative Valve timing Electronic Control system

Front suspension

Rear suspension

Flat and comfortable ride

Enjoy your drive in comfort. A reinforced suspension system with high-performance shock absorbers provides stable handling and exceptional ride comfort. To achieve a surprisingly quiet interior, certain areas of the body are covered with high-performance sound absorbing and vibration blocking material.

INSULATOR ABSORBER

INSULATOR ABSORBER

Exterior

LED headlight (High/Low beam)

Both the high and low beams are LED-powered for improved brightness and illumination.

Rear combination light

Be seen better in the dark. The rear combination lights with LED help keep your vehicle clearly visible from behind.

Shark-fin antenna

The shark-fin antenna's sharp design complements the vehicle's dynamic exterior styling.

Hill Start Assist [HSA]: HSA is not a substitute for safe driving. Never rely solely on this function whilst driving on steep roads. Your vehicle may move backwards if the brake pedal is not sufficiently depressed, if the vehicle is heavily loaded, or if the road is very steep or slippery. This function is not designed to keep the vehicle stopped in place on uphill slopes for more than 2 seconds. Do not rely on this function to maintain a stopped position as an alternative to depressing the brake pedal. Please see the owner's manual for additional information.

Note: Some equipment may vary by market. Please consult your local MITSUBISHI MOTORS dealer/distributor for details.

		Grey Metallic			
Rear bumper garnish	Material	Black			
		Silver			
Outer door handle	Colour-keyed				
		Chrome			
Door mirror with side turn signal (Electrically adjustable, Colour-keyed)					
Power folding door mirror with side turn signal (Electrically adjustable)	Colour-keyed				
		Chrome			
Windscreen glass (Laminated glass with UV ray reduction)					
Rear window defogger					
Interior					
Electric power steering					
Tilt and telescopic steering wheel					
Leather-wrapped steering wheel (3 spoke type) and gearshift knob					
Electric parking brake (Brake auto hold)					
Gearshift panel with illumination					
Steering switch					
	Audio, hands-free phone, voice recognition				
	Cruise control				
Seat material		Fabric			
		High-grade fabric			
Passenger seat under tray					
Seatback pocket	Driver seat				
	Passenger seat				
2nd row seat sliding, reclining, tumble, seatback folding function (60:40 split type)					
2nd row seat centre armrest with 2 cup holders					
3rd row seat reclining function (50:50 split type) and flat luggage mode					
Door panel accent (Silver)					
Soft pad trim with stitch					
Door pocket (Front door, Rear door)					
Power window switch panel (Carbon grain)					
Front and rear door	Material	Black			
Inner door handle		Chrome			
Driver sunvisor with ticket holder					
Passenger sunvisor with vanity mirror (w/ lid)					
Retractable assist grip	Passenger seat x 1, 2nd row seat x 2				
	Passenger seat x 1, 2nd row seat x 2, 3rd row seat x 2				
Combination meter cluster (Semi high contrast type)	with black ring				
	with silver ring				
High contrast backlit meter and gauge & Multi-information display (TFT colour LCD)					
Passenger side instrument panel tray					
Glove box					
Floor console box	w/ lid				
	w/ tray (Slide lid type)				
	w/ armrest				
Cup holder (Floor console x 2)					
Scuff plate					
Rear quarter trim storage					
Front console open tray					

Model					
Interior					
USB port for charging for 2nd row seat (Type A and C)					
Accessory socket (DC12V)		Instrument panel			
		Rear quarter trim			
Underfloor luggage area storage					
Safety & Security					
Rearview camera					
Driver and passenger SRS airbags					
Front 3-point seatbelt with Emergency Locking Retractor [ELR] with pretensioner x 2					
2nd row seat 3-point seatbelt with Emergency Locking Retractor [ELR] x 3					
3rd row seat 3-point seatbelt with Emergency Locking Retractor [ELR] x 2					
Seatbelt reminder (Driver seat, Passenger seat)					
Lower anchor and tether anchor for ISO-FIX child seat (for 2nd row seat) x 2					
Child safety lock (Rear door)					
Side impact door beams (Front door, Rear door)					
Pedestrian protection (Head protection and Leg protection)					
Anti-lock Braking System [ABS] with Electronic Brake force Distribution [EBD] and brake assist					
Active Stability Control [ASC]					
Hill Start Assist [HSA]					
Emergency Stop Signal system [ESS]					
Immobiliser					
Anti-theft alarm system					
Manual transmission interlock					
Automatic transmission shift lock with key interlock

Manual air conditioning		Dial type			
		Push button with LCD type			
Pollen filter					
Rear manual cooler					
4 speaker					
6 speaker					
Central door locking system with centre door locking switch					
Speed sensing automatic central door lock with impact sensitive unlock mechanism					
Remote keyless entry (Transmitter x 2)					
Keyless Operation System [KOS] (Transmitter x 2) with push button start					
Button lock/handle act unlock tailgate					
Tailgate handle (Electrical switch type)					
Power window (Front door, Rear door) with driver auto up/down and anti-trapping function					
Roof antenna					
Shark-fin antenna					
Cruise control					
Lighting & Visibility					
Multi-reflector halogen headlight					
LED headlight (High/Low beam)					
LED position light					
Welcome light					
Coming home light					
Front fog light					
Rear combination light					
LED high-mount stop light					
Room light (Front, Rear)					
Key cylinder illumination					
Front windscreen variable intermittent wiper with misting function					
Rear window intermittent wiper					

WARNING
 Individuals who use implantable pacemakers or implantable cardioverter-defibrillators should keep away from the Keyless Operation System [KOS]. The electromagnetic waves used in the KOS may affect the operation of implantable pacemakers or implantable cardioverter-defibrillators.
 Individuals using other electro-medical apparatuses should check with the manufacturer of the apparatus to confirm the effect of the electromagnetic waves used by the KOS, as the electromagnetic waves may affect their operations.
